

Drugs

Mickey Avalon

You remember the orgy? All those sluts
There was no other guys there, except for her husband
I was fucking her husband

Drugs, up in this club
I don't want to dance, I want to get numb
Drugs, my bitches who touch me
Never come down 'cause we're living it up

Dear mom
Dear old dad
I can't tell you all the fun I had
There's been up down, rounds and rounds
I ain't stop for a year and a half now
Class clown but nobody laughing
Avalon, bored and on the plastic
Corny bastards caught in traffic
I take Phantom and get there faster
While a black, crackhead tranny licks my ass crack
In a black Trans Am with a cracked tranny black you're shit is whack
So am I when I'm drunk and high
But it don't seem to matter 'cause the kids still buy
Ching ching, baby buy me a ring
Gonna walk down the streets like the white Jay-Z
Stop, stop

Drugs, up in this club
I don't want to dance, I want to get numb
Drugs, my bitches who touch me
Never come down 'cause we're living it up

Dear John
Dear old Jane
I had to leave town in a blazing flame
Shit got hot like a lazer beam
Kids gathered round it was crazy, screams
Little baby shouldn't see these things
Dad half dead with a needle in his weewee
See me on MTV on MDMA
I gave VD to the VJ
Comin' in at number one
I got a bullet with your name written on it in my gun
Now baby tell me what you really want

Drugs, up in this club
I don't want to dance, I want to get numb
Drugs, my bitches who touch me
Never come down 'cause we're living it up

Dear God, mother Mary
Hungary hanging from the apple tree
Avalon, hung like a donkey
Freshilonky come on little mommy
Textbook maniac, highjacked a train and cracked
Jesse James Dean is my name I pray to Cadillac
Games so type, pussy lips drip spit
Lick clitorises from here to Brazil

Drugs, up in this club
I don't want to dance, I want to get numb
Drugs, my bitches who touch me
Never come down 'cause we're living it up
