Mickey Avalon

Deep inside that pussy like Jacques Cousteau
Deep inside that pussy like Jacques Cousteau

My body temperature stay at 30 below
I go deep inside that pussy like Jacques Cousteau
Meet me in the alley we can tally the votes
I'll be the President, the owner and the CEO
But who keeping score?
With the pimps and hoes
I've got the solid gold ring on my pinky toe
And when it comes to rock n' roll I'll be the king of them both
You're just a Norma Jean I need a Marilyn Monroe

You can see all the stars when you walk down Hollywood Blvd
You get 15 minutes of fame and then you get pulled apart
You can see all the stars when you walk down Hollywood Blvd
You get 15 minutes of fame and then you get pulled apart

Dancing on the stage singing Minnie the Mooch
I'll be that Cab Calloway way with the golden tooth
Shouting hi de hi de ho in a satin suit
I taste like martini's and smell like vermouth
Took her back to my booth started spitting the truth
About how Mickey Avalon, one hell of a dude
You an anorexic, olive-oil, pastor youth
I need a busty young baby like Betty Boop
I need a busty young baby like Betty Boop
I need a busty young baby like Betty Boop

You can see all the stars when you walk down Hollywood Blvd
You get 15 minutes of fame and then you get pulled apart
