

# Johnny Come Lately

Mickey Avalon

Struttin' down the strip like an elephant  
Trunks so tight they about to split  
Oh no, there he goes again  
In my low low dropping like a Mexican  
Av on the prowl, oh look at me now  
What? Money come quick, when I sell my dick  
Walk the track like an alleycat  
Marlboro reds and some cognac  
Pogo stick in my polo pants  
Rocking a leather sport coat with the shoulder pads

Love me or hate me  
I'm Johnny come lately  
If you want to date me  
You don't have to pay me  
Love me or hate me  
I'm Johnny come lately  
If you want to date me  
You don't have to pay me

I'm down here on the street like Master P  
Marco got me then Mr. T  
If you want to go on a date with me  
You're gonna have to pawn your jewellery  
Uh, the ladies get hot when they see my cock  
What? Don't think it will fit? White boy with a black mans dick  
Cooling on the corner tryna count my cash  
Two doors down from the laundry mat  
Motel 6 won't have me back, so we fogged up the windows in my Pontiac

Love me or hate me  
I'm Johnny come lately  
If you want to date me  
You don't have to pay me  
Love me or hate me  
I'm Johnny come lately  
If you want to date me  
You don't have to pay me

Rolling in the ghetto like a bowling ball  
Running my mouth like an open door  
One day I'll paint my masterpiece but until then my life's a catastrophe  
Uh, a boulevard nights  
Ooh under neon lights  
What? Catch me if you can around the school in a minivan  
Spittin' my flow like a gigolo  
Cooking up meth in a motor home  
I used to be loyal to a 9-to-5 but that aluminum foil changed my life

Love me or hate me  
I'm Johnny come lately  
If you want to date me  
You don't have to pay me  
Love me or hate me  
I'm Johnny come lately  
If you want to date me  
You don't have to pay me
