

Making Love

Mickey Avalon

Who's making love to your love while you're out making love?
Mickey Avalon
And who's your love thinking of when you're making love?
Mickey Avalon
Who's your love thinking of when you're making love?
Making la-la-la-love
Who's making love to your love while you're out making love?
Mickey, Mickey, Mickey, making love

McArthur park just after dark
You can find me in the bathroom jerking off
In a leotard, working hard
Hollywood Boulevard
Stepping on stars in my tall platforms
Weapon cocked, ready and blast off
Avalon in a black town car
Smokin' crack like the Mac in a Burger King crown
Downtown, ya'll 6 and Broadway
[?] I call her mommy
She got a son named Mustafa Koomazi
And he's the one who brings the balloons to the party

Bad girl in the place to be
Let me see that jelly roll for me
Skinny ho's doing blow at the show
Nose bleeding in the front row

Who's making love to your love while you're out making love?
Mickey Avalon
And who's your love thinking of when you're making love?
Mickey Avalon
Who's your love thinking of when you're making love?
Making la-la-la-love
Who's making love to your love while you're out making love?
Mickey, Mickey, Mickey, making love

In the parking lot at the Boston Market
I served rock to Macaulay Culkin
I woke up, soaked in vomit
WeHo, police department
Got up and called your momma
Said, "If you bail me out I'll stop fucking with your daughter"
She got there quick with a bag full of chips and a look in her eyes like Jes
us was there

Bad girl in the place to be
Let me see that jelly roll for me
Skinny ho's doing blow at the show
Nose bleeding in the front row

Who's making love to your love while you're out making love?
Mickey Avalon
And who's your love thinking of when you're making love?
Mickey Avalon
Who's your love thinking of when you're making love?
Making la-la-la-love
Who's making love to your love while you're out making love?

Mickey, Mickey, Mickey, making love

Bad girl in the place to be
Let me see that jelly roll for me
Skinny ho's doing blow at the show
Nose bleeding in the front row

Don't bore us, get to the chorus

Who's making love to your love while you're out making love?
Mickey Avalon
And who's your love thinking of when you're making love?
Mickey Avalon
Who's your love thinking of when you're making love?
Making la-la-la-love
Who's making love to your love while you're out making love?
Mickey, Mickey, Mickey, making love

Don't bore us, get to the chorus
