

Never Satisfied

Mickey Avalon

Hey, do you know how to get to Beverly Hills?
I've got an audition I need to get to

Yeah I know how to get there
I can take you anywhere you need

Really that's so nice I just moved here
I'm still learning my way around town

Come on we just got to make a quick stop first

Su-Su-Susie Q, wha-what's a girl to do?
Went and moved herself to Hollywood to influence you
She was a pageant queen so full of chastity
Her daddy was the pastor She played tambourine
She started modeling cuz she was tall and thin
Went and got herself a Tik Tok following
But she had bigger dreams, bright lights and limousines
Her mama never taught about this kinda misery

And now she's always chasing something
Never satisfied she likes to go uptown just for the thrills
Short miniskirt and fake designer, high heels
Now she's always chasing something
Never satisfied she has to go downtown
Cuz she got the chills
Doctor feel good will get your prescription filled

Oh Rocky raccoon boy what can you do?
Witcha small country ways in this big city pool
He was a quarterback he liked to pour em' back
Worked at his daddy's dealer selling Cadillacs
He started posting shit thought he supposed to strip
When it came to being tasteless he did most of it
But he had bigger dreams, bright lights, and limousines
His daddy never taught him about this about this kind of misery

And now he's always chasing something
Never satisfied he likes to go uptown just for the thrills
For a couple of bucks you can go cop a feel
Now he's always chasing something
Never satisfied he has to go downtown
Cuz he's got the chills
Doctor feel good will get your prescription filled

(Boy) Yeah we'll see

And now he's always chasing something
Never satisfied he likes to go uptown just for the thrills
For a couple of bucks you can go cop a feel
Now he's always chasing something
Never satisfied he has to go downtown
Cuz he's got the chills
Doctor feel good will get your prescription filled
