

Teenage Pregnancy

Mickey Avalon

I'm your King, you're my Queen
Didn't mean for a teenage pregnancy
I'm your King, you're my Queen
Didn't mean for a teenage pregnancy

Class is over so let's go get a soda
Throw your books in the trunk while I rev the motor
It's getting hot and heavy in daddy's brand new Chevy
I drove her to the point and now she's finally ready
I told her, "We're together."
So she took off her sweater and put her hands inside my pants,
this night is getting better
When it was finally over, she wanted me to hold her
But I shrugged it off and gave her the cold shoulder

I'm your King, you're my Queen
Didn't mean for a teenage pregnancy
I'm your King, you're my Queen
Didn't mean for a teenage pregnancy

She called me crying
And I said, "You must be lying."
I heard her daddy screaming, "Boy you gonna be dying!"
It was a night of passion, just sexual attraction
We got our whole lives ahead of us this can't be happening
I told her, "I'mma fix it, we gotta hit the clinic
I've been saving up my money this is how I'm gonna spend it."
"I thought I was your lady, why did you even date me?
And you're crazy if you think I'm not gonna have this baby."

First I heat it up then I eat it up then I heat it up, all the
time
First I heat it up then I eat it up then I heat it up, make you
mine

I'm your King, you're my Queen
Didn't mean for a teenage pregnancy
I'm your King, you're my Queen
Didn't mean for a teenage pregnancy
