

Big Sad

Mickey Darling

Please don't leave, I'm begging
I cannot be by myself

Can I go to Heaven?
Even though I put you through
Hell, hell

I think I might be too drunk to
Tell, tell

If I wanna live or kill my
Self, self, self, self, self

I love the way you break me
Oh, it's so contagious

Break my heart 'cause you know I can take it
Don't say sorry 'cause I know you're faking

Just admit
That you made a mistake

I remember when you kissed me
We were listening to Ultralight Beam
And we thought that it would be so easy
But, Chance's verse ends so quickly

Hey, hey
After loving you, I'm kinda
Drained, drained

Wonder if I'll ever be the
Same, same, same, same, same

I love the way you break me
Oh, it's so contagious

Break my heart 'cause you know I can take it
Don't say sorry 'cause I know you're faking

Just admit
That you made a mistake

Big sad for you
Can't believe I'm
Big sad for you
Can't believe I'm
Big sad for you
Can't believe I'm
Big sad for you
Can't believe I'm
Big sad for you

I love the way you break me
Oh, it's so contagious

Break my heart 'cause you know I can take it

Don't say sorry 'cause I know you're faking

Just admit that
You love the way you break me

Oh, it's so contagious

Break my heart 'cause you know I'll keep chasing
Won't say sorry 'cause you know you're faking

Just admit that you made a mistake
