

## Chill Pill

Mickey Darling

Tell me  
Do you love me?  
And do you miss me, miss me?  
Baby, do you miss me?

Sadly, I never come clean  
So could you fix me, fix me?  
Baby, won't you fix me?

And I've been trying hard to tell you  
I'm better on my own  
Why's it so easy for me to leave?

"You need a chill pill," I know!  
And I don't need, don't need, no!  
"You need a chill pill," I know!  
And I don't need, don't need, no!

Honey, if you love me  
Then say it loudly, proudly  
Don't get drunk without me

Can't sleep  
'Cause you keep pouting  
And you could chase me, chase me  
But, don't expect the same thing

And I've been trying hard to tell you  
I'm better on my own  
Why's it so easy for me to leave?

"You need a chill pill," I know!  
And I don't need, don't need, no!  
"You need a chill pill," I know!  
And I don't need, don't need, no!  
"You need a chill pill," I know!  
And I don't need, don't need, no!  
"You need a chill pill," I know!  
And I don't need, don't need, no!

Believe me  
I'm not one to beg but  
Baby, please

I never thought you could leave me  
(I'm bitter)  
(I'm bitter)  
( 'Cause you're better on your own)

I broke your heart  
Then you broke me  
(I'm bitter)  
(I'm bitter)  
( 'Cause you're better on your own)

You're not so easy to please  
(I'm bitter)

(I'm bitter)  
('Cause you're better on your own)

"You need a chill pill," I know!  
And I don't need, don't need, no!  
"You need a chill pill," I know!  
And I don't need, don't need, no!  
"You need a chill pill," I know!  
And I don't need, don't need, no!  
"You need a chill pill," I know!  
And I don't need, don't need, no!
