

I'll Keep Thinking I'm Important!

Mickey Darling

Got a girl that always chainsmokes
I call her tombstone
Throwing things on stage at my show
I pay no mind though
Hey you with the funny face
Been scrollin' so much your thumb is sprained
Always lookin' out of place
Like how your tattoos
Don't match your face

I'll fix you baby, I'll fix you
Then leave you Swiftly, like Taylor

You're misleading
& you're boring
I would know
I'll keep thinking
I'm important
Just like you

My lover doesn't spend time with me
Now cry with me
My lover loves playing hide-and-seek
I never find
Her, my lover's a go-getter
Always getting on my nerves
Only when we're together
But I never let her know

I'll fix you baby, I'll fix you
Then leave you Swiftly, like Taylor

You're misleading
& you're boring
I would know
I'll keep thinking
I'm important
Just like you
