

I'm Just A Buzzkill

Mickey Darling

I never noticed the booze
Or all the context clues
My dad hurt you
He hurt me too
I kissed a couple of dudes
But that was in my youth
I'm still confused
I'm still confused
How'm I the family glue?
I'm only twenty-two
My ego's huge
I'm still a douche
Breaking hearts till they bruise
Or at least trying to
Sex doesn't do
What it used to do (Oh-woah-oh)

I'm a coward too (Oh-woah-oh)
With the shortest fuse (Oh-woah-oh)
Always sad and blue (Oh-woah-oh)
And then I realized

I'm just a buzzkill
Looking for a lover
I'm just an asshole
Working undercover, like
What do you see in me? (Baby girl)
What do you see in me?

I haven't moved on from you
I only pretend to
You're just a muse
That's nothing new
And I don't mean to intrude
But could you tie my noose
It's a little loose
Kind of like you
I'm sorry all that I knew
Was how to tell the truth
I swear to you
I'm not that rude
I know you hated me too
'Cause I am not like you
I do the things
That you can't do (Oh-woah-oh)

I'm a coward too (Oh-woah-oh)
With the shortest fuse (Oh-woah-oh)
Always sad and blue (Oh-woah-oh)
And then I realized

I'm just a buzzkill
Looking for a lover
I'm just an asshole
Working undercover, like
What do you see in me? (Baby girl)
What do you see in me?

I'm just a buzzkill
Looking for a lover
I'm just an asshole
Working undercover, like
What do you see in me? (Baby girl)
What do you see in me?

I don't wanna fall in love again
I don't wanna fall in love again
I don't wanna fall in love again
I don't wanna fall in love again (Love again)
(I don't wanna fall in love again)
(I don't wanna fall in love again)
(I don't wanna fall in love again)
(I don't wanna fall in love again, love again)
