

Let's Dance Until We Get Scared

Mickey Darling

Wake up late
Hurry babe
Time's ticking
A little too
Fast for me
Don't sleep in
If you do
Watch your life
Keep slipping
Away from you
Away from me

I've been
Running from the heartbreak
Running from the heartache
Tryna get to you
Tryna tryna get to the sun
Tryna make your heart race
Tryna make your heart stay
Purified & new
Time's ticking time's
Time's slipping away
Time's ticking time

We could waste our time
We could overshare
We could go online
And tell our secrets there
We could go outside
But there's no one there
Let's open the blinds
And dance until we get scared

Wake up late
Scrolled all day
Tiktok-ing
Go complain
On your break
Bout something
Feel the same
Feel ashamed
When nothin
Changes babe
You're afraid, & you're

Running from the heartbreak
Running from the heartache
Tryna get to you
Tryna tryna get to the sun
Tryna make your heart race
Tryna make your heart stay
Purified & new
Time's ticking time's
Time's slipping away
Time's ticking time

We could waste our time

We could overshare
We could go online
And tell our secrets there
We could go outside
But there's no one there
Let's open the blinds
And dance until we get scared

Let's dance until we get scared
Let's dance until we get scared
Let's dance until we get scared
Let's dance until we get scared
