

Looking For The Danger

Mickey Darling

Looking for the danger
Heard it looks like you
I'm a shitty dancer, but I'll always

I've been staring at the crowds
Looking for you
I've been blocking the noise
Always staring at you
I don't have the balls
Taking Long Beach walks
To avoid the thoughts/thots
I've been running through the crowd
Looking for you

Looking for the danger
Heard it looks like you
I'm a shitty dancer but I'll always dance
Searching for the answers
In a dim-lit room
I'm a shitty dancer but I'll always dance with

Take a picture so I don't forget you
Digital memories will do
Fuck the dishes, get a table for two
Eat the sushi right off of you
Leave the dinner, get another tattoo
Doing things cause we wanted to
Getting late, we go back to her room
Touching things how she tells me to

Looking for the danger
Heard it looks like you
I'm a shitty dancer but I'll always dance with you
Searching for the answers
In a dim-lit room
I'm a shitty dancer but I'll always
Dance with you
Always dance with you
Always dance with you
Always dance with you
Always dance with you
