

# MOVE ON TOO

Mickey Darling

You moved on fast and I just couldn't keep up  
I wiped my ass with every ounce of your love  
Yeah, you're in my past but I'm still bringing you up  
'Cause I finished fast but clearly not fast enough, enough  
I've got enough heartbreak to survive off of  
I think I'm going to be okay, my love  
I fucking better be okay

But if I'm not that's fine  
Do you wanna know a secret  
That I never told you  
Probably won't believe it, but

I could move on too if I want to, but I don't want to  
Look for someone new, but I'm not like you  
Do what you want to, go fuck your new dude  
And I can't blame you, 'cause  
I would move on too if I was you, I'm happy for you  
Jealous a bit too, I wanted more you  
I used to hate you, but now I thank you  
For all the fucked up shit you put me through

I made history, you made babies  
I act on TV, you act crazy  
I regret leaving, can you blame me  
Just maybe, I love the heartbreak 'cause it's nonstop, nonstop  
I'm sick of you I need a cough drop cough drop  
I think I'm going to be okay, my love  
I fucking better be okay

If I'm not that's fine  
And do you want to know a secret  
That I never told you  
Probably won't believe it, but

I could move on too if I want to, but I don't want to  
Look for someone new, but I'm not like you  
Do what you want to, go fuck your new dude  
And I can't blame you, 'cause  
I would move on too if I was you, I'm happy for you  
Jealous a bit too, I wanted more you  
I used to hate you, but now I thank you  
For all the fucked up shit you put me through

You changed your hair, I changed my name  
We grew apart, oh what a shame  
Wasn't prepared for this heartbreak  
It's been 3 years, still not okay  
You moved on fast, I can't be mad  
I'd leave me too if I had the chance  
You miss my jokes, I miss your laugh  
Please understand

I could move on too if I want to, but I don't want to  
Look for someone new, but I'm not like you  
Do what you want to, go fuck your new dude  
And I can't blame you, 'cause

I would move on too if I was you, I'm happy for you  
Jealous a bit too, I wanted more you  
I used to hate you, but now I thank you  
For all the fucked up shit you put me through
