

# Peer Pressure

Mickey Darling

I'm disappointed, baby  
Cause now all you do is get high with my friends  
You don't like when it ends  
You're so sad  
You're disappointed lately  
Cause now all I do is get by with you friends  
They will try to forget all we had  
Now you got it lately  
Tellin' me to smoke cause it's fun, then it's strange  
And I'm craving a change, you're so bad  
You need a hobby, baby  
Cause now all you do is complain  
Wake up late, sniff some paint  
Heaven's sake, I'm not mad

I don't mind if you waste my time  
Sayin' I won't cry if you get me high  
Can you get me

Just don't peer pressure me, peer pressure me, baby  
Careful with me, I easily break with  
Pressure on me, peer pressure me, baby  
Careful with me, I easily break when

You don't care if I'm alright  
You only care, if I'm gettin' high  
You only care when I'm gettin' high  
And when you're near that's all the time

It's complicated, baby  
All I ever wanted from you is a friend  
Now I sleep in your bed, I don't care  
It's gotten kinda hazy  
I mean between all the drugs, and fame  
And you're screaming my name, it's not fair  
But you've been actin' shady  
Turn your phone on silent when I come around  
Now I'm drownin' in doubt, I can't bare  
And now you're going 80  
Saying crazy things like if I'm not your boyfriend  
Then you're better off dead  
I'm so scared

I don't mind if you waste my time  
Sayin' I won't cry if you get me high  
Can you get me

Just don't peer pressure me, peer pressure me, baby  
Careful with me, I easily break with  
Pressure on me, peer pressure me, baby  
Careful with me, I easily break with

I don't like it  
But I don't mind it  
When you pressure me, oh  
I don't like it  
When you pressure me, oh

I don't mind it  
When you pressure me, oh

Frankly, cause I don't like to feel peer pressured  
And I don't like to feel peer pressured  
But I got so high the night that I tried it  
And I got so high that I started to like it  
I don't like to feel peer pressured  
And I don't like to feel peer pressured  
But I got so high the night that I tried it  
And I got so high that I started to like it

Pressure me, peer pressure me, baby  
Careful with me, I easily break with  
Pressure on me, peer pressure me, baby  
Careful with me, I easily break when

You don't care if I'm alright  
You only care, if I'm gettin' high  
You only care when I'm gettin' high  
And when you're near that's all the time
