Getting
Caught up in myself
Caught-a-at-at up in myself now
I can't help but yell
I cannot not not help but get loud

Caught up in myself
Caught-a-at-at
Cause I'm such a sellout
All I eat is self-doubt
And midday meltdowns
Oh oh

And I can yell
But you won't fold fold
I'll go to hell
Just as I'm told told
You're just like gel
You never hold hold
Hold hold
Hold on to me

And I can't tell if I hate everything about myself
Or if I just want the attention
Oh and I can't tell if I
Hate everything about myself
Or if I just love fabricating
And I can't tell if I hate everything about myself
Or if I just want the attention
Oh and I can't tell if I
Hate everything about myself
Or if I just love fabricating

Feeling sorry for myself
So so so sorry for myself now
I can't help but dwell
I cannot not not help but bailout

Get drunk by myself
Ge-ge-ge-get drunk by myself wow
All I drink is stress now
And try to chase clout
Oh oh

And I can flex then take u
Home home
Ignore your texts then break my
Phone phone
I just want sex
I never hold, hold, hold
Onto anything

And I can't tell if I hate everything about myself
Or if I just want the attention
Oh and I can't tell if I
Hate everything about myself
Or if I just love fabricating

And I can't tell if I hate everything about myself
Or if I just want the attention
Oh and I can't tell if I
Hate everything about myself
Or if I just love fabricating
