

SOMEWHERE ELSE

Mickey Darling

What was it about me
That made you want to leave so badly?
You used to be so sweet
Then one day you just couldn't stand me

Maybe it's just your kink
To fucking hate everything
About me
Make sure to brush your teeth
After you said that shit about me

Now we're over
And it's all my fault
And it's all my fault

You're somewhere else
Fucking someone else
While I try my best
Not to kill myself
And I could go on and on and on
'Bout all the reasons
But I'd rather not because
You're somewhere else
Fucking someone else
And I don't hate you but
Go Fuck yourself
And I could write forty-fucking-songs
About all the reasons why I'll never stop
Until you leave him

Ew, how the fuck did you find someone new?
In a fucking week
How cruel of you
He's probably a douche
That takes care of you
Buys you food
All of the shit I didn't do

Now that you're over me
I guess you wouldn't mind
If I tell them how you
Would constantly choose random dudes from school
Just to prove you were aloof

Now we're over
And it's all my fault
And it's all my fault

You're somewhere else
Fucking someone else
While I try my best
Not to kill myself
And I could go on and on and on
'Bout all the reasons
But I'd rather not because
You're somewhere else
Fucking someone else

And I don't hate you but
Go Fuck yourself
And I could write forty-fucking-songs
About all the reasons why I'll never stop
Until you leave him

All the terrible things I could think of
That I have done
Off the top of my head
In the past few months
That I'm not proud of
Giving up love
Didn't know what I had until I didn't have a thing
Didn't know what I had until I didn't have a thing
Didn't know what I had until I didn't have a thing

Now we're over
And it's all my fault
And it's all my fault

You're somewhere else
Fucking someone else
While I try my best
Not to kill myself
And I could go on and on and on
'Bout all the reasons
But I'd rather not because
You're somewhere else
Fucking someone else
And I don't hate you but
Go Fuck yourself
And I could write forty-fucking-songs
About all the reasons why I'll never stop
Until you leave him
