

Memoirs of Entry IV

Mickey Factz

I stopped smoking and got more into drinking
I don't know why, don't ask me, I can't explain that
I used to be afraid to die however
Now, not really anymore
I've learned to accept whatever comes my way
Probably because I know after my eyes close
The eyes of other will be opened to my heart
They criticize you when you're alive
And memorialize you when you die
I've seen it done to all my friends and it's really sad
And I know eventually, it will happen to me
I mean, look at Michael Jackson, he's greatest
entertainer living right now
Thriller is by far my favorite album right now, I listen
to it all the time
And aside from Madonna, he is the best living right now
But the media is already beginning...
Meanwhile he's just starting to do the impossible
Watch, mark my words, when he dies,
The world will cry, the whole world
Let's hope he never die
And I hope they'll cry for me though
Cause I'm ready to leave.
