

## Heads I Go, Hearts I Stay

Mickey Gilley

We both know I ought to leave  
I'm wrong for you, you're wrong for me  
It can't work out, honey, there's just no way  
Cause I love you and I still love you too  
Heads I go, hearts I stay

We've thought it out we've talked it through  
And we agree what I should do  
But then again our hearts get in the way  
Cause I love you and I still love you too  
Heads I go, hearts I stay

My mind says go there's the door  
What am I waiting for  
And my heart says give it one more day  
Oh honey, it's all wrong but we keep holding on  
Heads I go, hearts I stay

I might just go there's the door  
What am I waiting for  
Then my heart says give it one more day  
Oh, but it's all wrong honey we keep holding on  
Heads I go, hearts I stay
