

Make 'Em Like You

Mickey Guyton

He was wearing that arrogance
Like teenage fragrance
But what's so embarrassing
I sat through that whole damn dinner thinking
What the hell is he drinking

Can't believe that I wanted it
So over over confidence
And it's funny that I spent my whole life thinking oh

Ooooh I wouldn't find the one until I found you
I couldn't see myself the way that you do
Love so melodic got me singing in tune
Oh I don't understand it

They don't make 'em like you anymore
The kind of man that makes you forget all the ones before
Think I'm getting used to coming first and open doors
They make 'em make 'em like you anymore

They don't make 'em like you anymore
They don't make 'em like you anymore
They don't make 'em like you anymore
They don't make 'em make 'em like you anymore

Daddy drove a classic
Said that I could have it
Said that it would last 'cause it was different back then
Remember all the movies
And all the ways they moved me
Never I thought I'd end up like they do in the end

Boy oooh I didn't think I'd find the one until you
I couldn't see myself the way that you do
Love so melodic got me singing in tune
Oh I don't understand it

They don't make 'em like you anymore
The kind of man that makes you forget all the ones before
Think I'm getting used to coming first and open doors
They don't make 'em make 'em like you anymore

They don't make 'em like you anymore
The kind of man that makes you forget all the ones before
Think I'm getting used to coming first and open doors
They don't make 'em make 'em like you anymore

They don't make 'em like you anymore
They don't make 'em like you anymore
They don't make 'em like you anymore
They don't make 'em make 'em like you anymore

They don't make 'em like you anymore
They don't make 'em like you anymore
They don't make 'em like you anymore
They don't make 'em make 'em like you anymore
