

Get Down

Midas the Jagaban

Don't worry 'bout me
I'm over here, I'm fine
Ain't sayin' shit
Don't mean I'm shy
Blacked out shades
So high
Antisocial
See you later all I care about is paper

I want you to move your body, c'mon baby Jo dada
Your body is booty banging
C'mon on baby sho wa pa
EMI Jagaban
I can handle what you can
Get down on the floor
If you around me, better shake some more
There's so much money on the floor
Don't worry 'bout me
I'll shake some more
Some more
(Girl, you better shake some)
(Love it when you shake some)

I love the way your booty banging
So outstanding
Standing ovation
A new revelation
Get down on the floor
If you around me, better shake some more
There's so much money on the floor
Don't worry 'bout me
I'll shake some more
Some more
(Girl, you better shake some)
(Love it when you shake some)
(Booty banging)
(Sho wa pa)

Get down on the floor
If you around me, better shake some more
There's so much money on the floor
Don't worry 'bout me
I'll shake some more
Some more

Get down on the floor
If you around me, better shake some more
There's so much money on the floor
Don't worry 'bout me
I'll shake some more
Some more
