

Doing It Right

Middle Kids

And now that I am fancy
I got someone who is with me
And he's waiting at the deli
For the deli man to shave the belly
Of the pig to bring the bacon home
And I am waiting awful long
These days grow in number
And my mind begins to wander

And hang on
Am I doing it right?
Am I saved now?
Or did I say it wrong?
And hang on
Is this my story?
Am I awake now?
Or did I take too long?

And don't do that around here
I've got children all around me
And you're smoking in the kitchen
While the kettle's close to whistlin'
And the sun streams through the window
In my eyes but it is weird though
'Cause I'm seeing all these particles
That I have never seen before

And hang on
Am I doing it right?
Am I saved now?
Or did I say it wrong?
And hang on
Is this my story?
Am I awake now?
Or did I take too long?

Hang on, this don't feel right
But I'm hanging on
And hang on, this don't feel right
But I'm hanging on
