

# Dramamine

## Middle Kids

I wanna be, I wanna be your little figurine  
You know I never meant to tell you just how much it meant to me  
And we could go around, wherever you want I'll come along  
We could lipsync our favourite song and use our hands as microphones

I used to be the saddest girl that you had ever seen  
Just need a couple things to sleep, maybe some dramamine but  
I got the feeling, we're breathing down the neck of realness  
Does that sound okay to you? Sometimes I wanna say to you

You are the only reason I believe in anything  
I hope you don't take this the wrong way  
You are the only reason I believe in anything  
I hope you don't take this the wrong way

I wanna be, I wanna be your Mary Magdalene  
We'll show up to the execution in a beat up limousine  
That we could drive around, wherever we want in this whole town  
Reenact a movie scene and read old music magazines

I used to be the kid who never wanted to be seen  
Let people jump all over me, the human trampoline but  
I got the feeling, I'm stronger on the other side, hey  
Does that sound okay to you? Sometimes I wanna say to you

You are the only reason I believe in anything  
I hope you don't take this the wrong way  
You are the only reason I believe in anything  
I hope you don't take this the wrong way

You are the only reason I believe in anything  
In anything, in anything  
You are the only reason I believe in anything  
I hope you don't take this the wrong way
