

# Within/Without

Midlake

Once we gathered 'round  
'Round a crown  
Fallen out of site now  
We've found  
I figured out  
We're the ones devout  
Who live a life we know within/without

Playing me like a sad violin  
Up and down again  
I can withstand the wound  
How 'bout you  
I figured out  
Now with no doubt  
Who can live a life within/without

Just let it out  
It out, it out  
Just let it out  
That's where you'll find me  
Just let it out  
It out, it out  
Just let it out  
That's where you'll find me

Just let it out  
It out, it out  
Just let it out  
That's where you'll find me  
Just let it out  
It out, it out  
Just let it out  
That's where you'll find me  
Just let it out  
It out, it out  
Just let it out  
That's where you'll find me  
Just let it out  
It out, it out  
Just let it out  
That's where you'll find me  
That's where you'll find me
