

Runnin' Wild

Midland

Listen to those highway lines they're talkin'
Guess I feel like talkin' too
Look at that big old sun he's leavin'
And now I know what I gotta do

The light on the radio tower keeps shinin'
Like a big red eye on the edge of town
Back in high school we used to dare each other to climb it
No one ever did and we're still hangin' around

When you're on your own
Out on that open road
Feelin' like anything can happen
To those comforts you've known
You just say so long
And you run
And you run
And you run
And you run
You're runnin' wild into the dark night
Runnin' wild into the dark night

You roll down the window feel the warm wind
The way it fills up my hand reminds me of you
And I remember every curve of you woman
Guess we all need something to hold on to

When you're on your own
Out on that open road
Feelin' like anything can happen
And to those comforts you've known
You just say so long
And you run
And you run
And you run
And you run
You're runnin' wild into the dark night
You're runnin' wild into the dark night
You're runnin' wild into the dark night
You're runnin' wild into the dark night
