

Two To Two Step

Midland

You been tappin' your fingers, while your stare at your phone
I bet you didn't slide those tight jeans on for nothin'
Oh, and I didn't come here to drink alone
You've been watching them dance for all night long
Come on, let's get into something

It's takes two to two step
Two to tango
Two to wrangle down that hardwood
Don't ya' think it'd do your heart good?
Just me and you doin' the new step
Getting the boots wet
Handsome in denim and diamonds and rockin' it steady and ready
to lose your blues, yeah

It takes two to two step
(Come on)
He could be swayin' on your hips, keepin' right on time
Makin' up words that don't even rhyme, just rhythm
Oh, the moment you've been given, you feel the night is gone
You can delayed, oh even, if you're only late in my home
Come on, here comes the perfect song

It's takes two to two step
Two to tango
Two to wrangle down that hardwood
Don't ya' think it'd do your heart good?
Just me and you doin' the new step
Getting the boots wet
Handsome in denim and diamonds and rockin' it steady, and ready
to lose your blues, yeah
It's takes two to two step

It's takes two to two step
Two to tango
Two to wrangle down that hardwood
Don't ya' think it'd do your heart good?
Just me and you doin' the new step
Getting the boots wet
Handsome in denim and diamonds and rockin' it steady, and ready
to lose your blues, yeah
It's takes two to two step
