

# Dancing With the Midnight Sun

Midnattsol

You have to climb the top  
go on, don't give up  
it never seems to end

It's controlling me  
this ain't what I want to be  
save me from this mess

To dance all the night in the midnight sun  
that is my dream  
the drops lick my skin  
I dance with the wind  
it blows me away

Du ser hu som danse i skogen  
me lette skritt  
me lokkane øyne  
hu strekke ud hånnå  
men du når an ikje

Du ser hu  
hu strekke ud hånnå  
men du når an ikje  
å dansa i midnattsol  
de e min drøm

To dance all the night in the midnight sun  
that is my dream  
the drops lick my skin  
I dance with the wind  
it blows me away

The norwegian part in this song tells of a girl dancing in the woods. She gives you her hand, but you can't reach it.
