

# Spellbound

Midnattsol

Tunes of an enchanting song  
captured my attention at once  
Stumbled in the waving grass  
in the greenwoods  
I was spellbound

So why no follow  
Got nothing to risk  
Got nothing to lose  
Just go  
with no expectations and no force  
no negative thoughts  
Follow the voice

Let's meet at the twilight  
Let's run through the leaves  
till our hands bind again  
Let's dance  
until sunrise  
In the infatuated night  
I'm bound by the wild

I'll climb up the fabled peak  
onto the view surrounds me  
Sing out the melody  
of seduction that special night

Never erase  
the tunes  
our sensual moments  
never forget  
the moves  
Allure is everywhere  
Magic's in the air

Let's meet at the twilight  
I'm led astray by the charm  
By your enthralling song  
I'm spellbound  
So why not follow  
It's once in lifetime  
And now just treasure the night  
until sunrise

Never erase  
the tunes  
our sensual moments  
never forget  
the moves  
Allure is everywhere  
Magic's in the air

So why no follow  
Got nothing to risk  
Got nothing to lose  
Just go  
with no expectations and no force

no negative thoughts  
Follow the voice

Let's meet at the twilight  
I'm led astray by the charm  
By your enthralling song  
I'm spellbound
