Talk To Me

Midnight Choir

Vers:
You're going down like a clown
You've been hanging around
Wearing shades when the sun don't shine

You're nothing but a kid, all burned out
Cursing and screaming under a cloud
Wearing shades when the sun don't shine

Refreng:
If I close my eyes
When you go out tonight
Will you then talk to me?

Like an old man, sitting with the cane
Longing for love, alone in the rain
Wearing shades when the sun don't shine

You're nothing but a kid, all burned out
Cursing and screaming under a cloud
Wearing shades when the sun don't shine

Will you then talk to me?

You're going down like a clown
You've been hanging around
Wearing shades when the sun don't shine
