Hey baby, I'm a Freak

You look like you want to get your pretty nails in the dirt  
I can tell you like wrong by the way you flirt  
Imma give you revenge if you wanna be bad

I will handle you baby and make it hurt  
I will put this love on you like a curse  
You don't need no words with a body that bad

Can't help but being myself  
Gonna take you like that, take you like that  
Cuz you know I can't control myself  
Gonna have you like that, break you like that

Hey baby, I'm a Freak  
Hey baby, I'm a Freak  
Hey baby, I'm a Freak  
Hey baby, I'm a Freak

I'll have you beggin for more  
I'll turn you inside out  
Pull your long hair right until your lights go out  
I can give you that if you wanna be bad

I will handle you baby hike up that skirt  
I will push your buttons until you burn  
You don't need no words with a body like that
