

One Club At A Time

Midnight Red

We're takin' over.. takin' over, the world
One Club At A Time
We're takin' over.. takin' over, the floor
One Club At A Time

Okay let's get it right
We raise the bar so high
Tonight we gonna jump and dance forever
My feet are on the floor
Ain't that what we here for?
Tonight's the night we're gonna piece together

Look how she get it low
I call to steal the show
I'm right behind and
Runnin' round round round roun
We comin' and we go
All ends is letting go
We're gonna grab and
Bring it down down down..

We're takin' over.. takin' over, the world
One Club At A Time
We're takin' over.. takin' over, the floor
One Club At A Time

One Club At A Time, Time time time
One Club At A Time, Time time time
One Club At A Time, Time time time
One Club At A Time, Time time time - Yeaah yeah!

Okay let's get it right
agree to never stop
The night is here
and baby it ain't over it
Who cares 'bout what we choose?
Together we can't lose
Forget the pressure
Take it off your shoulder

Look how she get it low
I call to steal the show
I'm right behind and
Runnin' round round round roun
We comin' and we go
All ends is letting go
We're gonna grab and
Bring it down down down..

We're takin' over.. takin' over - the world
One Club At A Time
We're takin' over.. takin' over - the floor
One Club At A Time

One Club At A Time, Time time time
One Club At A Time, Time time time
One Club At A Time, Time time time

One Club At A Time, Time time time - Yeaah yeah!

We are party animals..

If you can't keep up - stay at home

'Cause we are party animals

If you don't like it, then there's the door

We're takin' over.. takin' over, the world..

We're takin' over.. takin' over, the floor

One Club At A Time

One Club At A Time, Time time time

One Club At A Time, Time time time

One Club At A Time, Time time time

One Club At A Time, Time time time

One Club At A Time - Time time time (takin' over.. takin' over - the world)

One Club At A Time, Time time time

One Club At A Time, Time time time (takin' over.. takin' over - the floor)

One Club At A Time, Time time time - Yeaah yeah!
