

Get Dressed

Midnight Star

Out tonight out tonight

[Intro: Rap]

I'm feeling much like I got out the wrong side of the bed
I just checked out the headlines and it's heavy on my head
It's a brand new day so fresh so fresh I got to shake this mood
What's down inside will feel much better when I dress my attitude

[Verse 1]

It's rough getting up in the morning
To press the clock I'm not in the mood
While I'm stepping out of the shower
[?]Think but a pay vacation with two[?]
Why must I have the rhythm of the heartbeat
That makes my whole body move
Just let me slip into my seal dress baby
With diamonds and pearls
I'm dressing up my attitude

[Chorus]

So get dressed
Flash it baby
Dress your attitude dress your attitude
Get dressed
Flash it baby
Dress your attitude dress your attitude
Get dressed

We're going out tonight
Out out goin' out out goin' out out
Get dressed
I'm gonna say it again
Out out goin' out out goin' out out

[Verse 2]

It's kinda like Cinderella
Getting dressed up for the ball
[?]See she's looking for Cindeafellow[?]
Before that midnight hour falls
Just as sure as she discovers the magic
Inside the things that she dreams
[?]That's when she touched her with the bad one baby[?]
That she made at night
(Get dressed) You don't know who you meet

[Bridge]

I feel much better
[?]With a fresh dressed mood in my head together[?]

[Chorus]

So get dressed
Flash it baby
Dress your attitude dress your attitude
Get dressed
Show off your body baby
Dress your attitude dress your attitude

Get dressed
Flash it baby
Dress your attitude dress your attitude
Get dressed
Tease me baby yeah
Dress your attitude dress your attitude
Get dressed

I think we're going out tonight
And I got all these clothes in my closet but
I still can't decide what to wear
But we're going
Out out goin' out out goin' out out
So get dressed

[Verse 3: Rap]
[?]Lipstick ... eyeliner blush[?]
[?]Skintight where would you like to touch[?]
[?]Sexy set and silky ... [?]
The kind that makes my body scream
[?]A little frame with magic touch[?]
Sets my mood oops not too much
Gotta dress the way I feel
Now everybody knows that I'm for real
[?]Oh good God[?]
[?]Oh good God[?]
Girls can get funky too

[Chorus]

Oh baby come here zip me up
So fresh so fresh

[Chorus]
So I dressed
Just to impress
Dress your attitude dress your attitude
I must confess
I'm looking my best
Dress your attitude dress your attitude

[Chorus]
