

I Don't Wanna Be Lonely

Midnight Star

Baby

In the middle of the night I feel your body
Close to mine
Passion
That we engaged I thought would be with us forever
A lifetime

And you say you really need me
And we will always be together
All this time I've been believing
I was making you happy everyday
And then you made me have to say

I don't wanna be lonely, baby (Lonely)
I don't wanna be lonely, girl (I don't wanna be, I don't wanna be)
I don't wanna be lonely, baby (Lonely)
I don't wanna be lonely, girl (I don't wanna be, I don't wanna be)

Baby

Tender moments bring out our imagination
How it flies
You ask me
Anything you want and need I'll give it to you
Just be mine

Baby, why you treat me so mean
Can't you see that I love you
And I need you (Hey girl)
If you're ever needing a lover, hand or friend
You can always look this way
So why did you make me have to say

I don't wanna be lonely, baby (Lonely)
I don't wanna be lonely, girl (I don't wanna be, I don't wanna be)
I don't wanna be lonely, baby (Lonely)
I don't wanna be lonely, girl (I don't wanna be, I don't wanna be)
I don't wanna be lonely, baby (Lonely)
I don't wanna be lonely, girl (I don't wanna be, I don't wanna be)
I don't wanna be lonely, baby (Lonely)
I don't wanna be lonely, girl (I don't wanna be, I don't wanna be)

I love you too much baby don't let me be lonely
(Oh, sugar)
I need you too much girl don't let me be lonely
(Baby, please, don't go)

Baby, why you treat me so mean
Can't you see that I love you
And I need you (Hey girl)
If you're ever needing a lover, hand or friend
You can always look this way
So why did you make me have to say

I don't wanna be lonely, baby (Lonely)
I don't wanna be lonely, girl (I don't wanna be, I don't wanna be)
I don't wanna be lonely, baby (Lonely)
I don't wanna be lonely, girl (I don't wanna be, I don't wanna be)

I don't wanna be lonely, baby (Lonely)
I don't wanna be lonely, girl (I don't wanna be, I don't wanna be)
I don't wanna be lonely, baby (Lonely)
I don't wanna be lonely, girl (I don't wanna be, I don't wanna be)
