Midnight Star

Turning me on when you dance
Turning me on
Just keep on getting down baby
Turning me on when you dance
Turning me on

You say you like your body hot
Don't stop what you're doing
You got to heat up your feet
And warm up your hands
So we can dance
Gotta like the way you do it baby

Turning me on when you dance
Turning me on
Just keep on getting down baby
Turning me on when you dance
Turning me on

Strike a match

Don't let the flame get low baby
I like to keep it hot for love (Keep it hot don't you stop)
Do anything
Cause if you want me to
I will be there for you
There you go again baby

Turning me on when you dance
Turning me on
You light up my fire
Just keep on getting down baby
Turning me on when you dance
Turning me on
Do you really wanna stop? No!
The things that you do

You say you like your body hot

You see girl
You don't really wanna stop
Cause your loving takes me higher and higher come on
