

3rd Generation Nation

Midnight

There ain't no future and there ain't no past
There's just a graveyard and it's coming fast
We want the truth, we're the modern youth
History has warned ya of
And we're down to kill

We're the 3rd Generation Nation
3rd Generation Nation
3rd Generation Nation
3rd Generation

I could make money playing corporate rock
I ain't got nothing, rather live in hock
We can't be told, we're out of control
Kids they're afraid of me
Cause we're down to kill

We're the 3rd Generation Nation
3rd Generation Nation
3rd Generation Nation
3rd Generation Nation

Nothing is new or hasn't been said
It's all been done before
Yet you're all staring, laughing at me
Don'tcha laugh at me
The better world you tried to build
Exploded in your face
Yet you're laughing, laughing at me
At me, at me, at me

3rd Generation Nation
3rd Generation Nation
3rd Generation Nation
We're the 3rd Generation Nation

3rd Generation Nation
3rd Generation Nation
3rd Generation Nation
3rd Generation Nation

3rd Generation Nation
3rd Generation Nation
3rd Generation Nation
3rd Genera-, 3rd Genera-
3rd Generation Nation
