

Bitch Mongrel

Midnight

Black is black carnal attack your body rots of sinn
Pure evil rise innocence dies now let the hell begin
Goat lust buried in dust come to me come to me

Gonna make you writhe gonna make you squirm
With a spell your under slut beast cry out taste your grease
Bitch mongrel bitch mongrel hey ugh!

Slave in heat throbbing deep now soaked in hellish sweat
Blades of steel upon you feel the grip around your neck
Death fiend like a nightmare scream come to me come to me

Gonna make you writhe gonna make you squirm
With a spell your under slut beast cry out taste your grease
Bitch mongrel bitch mongrel hey ugh!

Deliver pain accept my vein into your walls of flesh
Exploding soon inside your tomb and drips upon your chest

Gonna make you writhe gonna make you squirm
With a spell your under slut beast cry out taste your grease
Bitch mongrel bitch mongrel hey ugh!
