

## Degradation

Midnight

Pure rotten noise falls from your tongue  
Spew out your wickedness, this battle can't be won  
Alright, we are close to hell, give me more of hell  
We have been through hell

Aaarrrgggghhh! degradation

Sworn to the oath of endless abuse  
Sliced up nothing remains your evil has let loose  
Locked up in lust chained down in dirt  
Nothing left to destroy my soul has been cursed
