

Deliver Us to Devil

Midnight

Spells from hell below
Wait for evil to show
The demons have escaped
From captors who have raped
Sent past iron gates
Cloaked in journey for dates

The demons have escaped
From captors who have raped and raped
Deliver us to devil
Deliver us to devil

Descend into the grip of metal
Deliver us to devil
Left upon domain
Hear the noise untamed

The demons have escaped
From captors who have raped and raped
Deliver us to devil
Deliver us to devil

Descend into the grip of metal
Deliver us to devil
