

# Destroy Tsunami's Power

Midnight

The Earth cracks in the sea Satan to rise up from below  
Destruction of all mankind apocalypse begins to show  
The waters run red the cities ignite disaster has been done  
There's one way to live we must destroy the battle will be won

Destroy tsunami's power

Poison floats in the sky terror awaits for those who fear  
Warriors of the rising sun your orders now are clear  
The metal survives the legions align we are one nation  
There's one way to live we must destroy this battle will be won

Destroy tsunami's power
