

Doom Death Desire

Midnight

Apocalyptic thrust, bombastic lay
Incinerating breath, toxic spray

Doom death desire
Desire for doom
Doom death desire
Inhale the fumes, doom death desire

Degrading deeds done with ease
Devotion to destruction, armageddic tease

Doom death desire
Desire for doom
Doom death desire
Tear out your womb, doom death desire

Flames of infernal fire flash from afar
Breathe deep in disease, destined disaster

Doom death desire
Desire for doom
Doom death desire
Shall arrive soon, doom death desire

Doom death desire
