

# Dungeon Lust

Midnight

Possessed to conjure purest evil  
Decadent, disastrous, fucking lethal

Wait to escape  
Into the webs and dust

Dungeon lust  
Dungeon lust  
Dungeon lust

Feeding off fragments of leather burnt  
Vomit released in pleasure, crucifix invert

No need for chains  
Here, I remain brainless

Dungeon lust  
Dungeon lust  
Dungeon lust

Now leave me to rot  
In darkness, in disgust

Dungeon lust  
Dungeon lust  
Dungeon lust

Dungeon lust
