

Expect Total Hell

Midnight

Storm the heavens below us
Seducing angels with seed
There's no way to control us
We've only come for your sleaze

Expect no quarter, expect no mercy
Expect total hell
Expect total hell
Expect no quarter, expect no mercy
Expect total hell
Expect total hell

Guided by hellish glory
Follow me through the flame
Destroying all that is holy
Done in Satan's name

Expect no quarter, expect no mercy
Expect total hell
Expect total hell
Expect no quarter, expect no mercy
Expect total hell
Expect total hell

Storm the heavens below us
Seducing angels with seed
There's no way to control us
We've only come for your sleaze

Expect no quarter, expect no mercy
Expect total hell
Expect total hell
Expect no quarter, expect no mercy
Expect total hell
Expect total hell

Hell!
