

Frenzy

Midnight

Frenzy

Dig this crazy mood I'm in
Listen to my heart as it starts to spin
When you kiss me and do it again
I'm in a frenzy!

Watch my eyes when you light them up (Bling!)
Listen to me whine like a harpsichord
When you touch me, I warm right up
I'm in a frenzy!
Frenzy!

This love gushes from my heart
Like water from a spout
You build a flame from a tiny spark
You can really knock me out, yeah

Ease my mind with your real cool lines
Fill my soul with love divine
When you say you're mine, all mine
I'm in a frenzy!
Frenzy!

This love gushes from my heart
Like water from a spout
You build a flame from a tiny spark
You can really knock me out, yeah

Ease my mind with your real cool lines
Fill my soul with your love divine
When you say you're mine, all mine
I'm in a frenzy!
Frenzy!
