

Frothing Foulness

Midnight

The urge strikes you must obey
Commands ordered now start to pray
Raising the stems the slit you will seek
Fragrant scent leads you down
One kiss on the lamb the fluids will leak
This box does amaze and astound
Ugh perversioness ugh frothing foulness
Ugh give death a kiss ugh frothing foulness
Screams of bliss and elation
Ravish rapture its only begun
Drinking the nektar ingesting your soul
How much more will you take
Convulsing attacks shuddering thighs
Wrap around like a snake
