

# Holocaustic Deafening

Midnight

The knife slides into your brain, corroding again and again  
I can't believe it, it's all the same  
Don't wanna hear it, twice the pain

Holocaustic deafening

Same trash falls in your face, exploding with no taste  
I can't believe it, it's all the same  
Don't wanna hear it, twice the pain

Holocaustic deafening

Look out, one final time, someday you'll pay for this crime  
I can't believe it, it's all the same  
Don't wanna hear it, twice the pain

Holocaustic deafening
