

Hot Graves

Midnight

I have the beast beast on my side
I've got to go out tonite
Time to take take a dark ride
The tombs are in my sight
Blood is movin' movin' faster
To the place that I need
I am the Devil's Devil's master
As I spill the seed in the hot graves
Total lust lust for cold skin
Is what I have got
Keep on keep on sinnin'
As I smell them rot
