

I Am Violator

Midnight

Gathered together for all that is wrong
The flesh we soon shall feast
Slaughter and violence is all around
I show the mark of the beast
Corpses on corpses piled so high
The stench as it starts to burn
I am Violator none will be greater
I will return... I am Violator
The Blood's on my lips the death on my breath
I savor every bite
No one on earth can stop me now
As I perform this rite... I am Violator
The bones I will break the veins I will tear
All this makes you sick
The skin I will rip the flesh I will slice
And the blood I will lick... I am Violator
