

## In Sinful Secrecy

Midnight

Sins which must remain sealed  
Underground unrevealed  
Filth I'll take to my tomb  
Desecration of the womb  
Scenes of sensuous slime  
Uncontrolled unholy crime  
Inhaling your essence scent  
Vulva flesh so succulent  
In sinful secrecy we must remain  
In sinful secrecy leaving a stain  
In sinful secrecy others may know  
In sinful secrecy prepare for below  
Lips are now spread wide open  
In my seed you are soaked in  
It's too late to turn back  
From a nymphonanic!
