

## Melting Brain

Midnight

Straight from hell these rotten corpses breed  
Mongoloids with no will to lead  
Over over overdose mankind  
Leave you low mind

Melting brain land of the living dead  
Melting brain drips down your throat  
Melting brain we give you more decay

Holocausts and total genocide  
Solutions which we must apply  
Over over overdose mankind  
Annihilation is the time

Melting brain land of the living dead  
Melting brain drips down your throat  
Melting brain we give you more decay
