

Penetratal Ecstasy

Midnight

Breeding for the devil let it bleed the seed starts to rot
Condemned to this horrid life once fell from your twat

Falling falling deeper in doom this hell is all that you've got

Penetratal ecstasy congregatel leprosy penetratal ecstasy

Slaughtered from the start you have no choice stranded in scum
Crawling in the slime and vile waste straight from your rectum

Falling falling deeper in doom your demise has begun

Penetratal ecstasy congregatel leprosy penetratal ecstasy

Open up then penetrate spreading your diseases

Open up then penetrate drenched in leukorrhea
