Rabid!

Midnight

Turn up disgusting wall of sound
Unchain vicious hellhound
Let loose this hound of Hades

Rabid never die kill after kill true iron will
Rabid poison blood steel eyes oh you're wild
Rabid rise from hell take your torch take command

Destruct or burning leather spikes
Yeah bondage is what we need tonight
Let loose your whip and strike

Rabid never die kill after kill true iron will
Rabid poison blood steel eyes oh you're wild
Rabid rise from hell take your torch take command
